a great tip

A waitress finds a phone number on a table

Waiting tables sucks—but when your folks don't have big bucks, paying your own way through college is about the only way to get that education. I get a little help from the state, but still have to tote those platters.

Servers depend on tips for much of their income. So when you bus a table you look for the long green. That's why I was so surprised to find a piece of folded paper on a table I was clearing two weeks ago.

What the fuck...?! I thought. Did someone leave me an I.O.U.? When I picked up the white piece of paper, though, there was an appropriate tip underneath it. I checked the amount of the tip, pocketed it, and opened the paper warily. Had someone left a complaint or something?

"Or something" all right...it was a phone number. And under the phone number, "Call me if you'd like—Steffi."

My mind raced. Was it what it looked like—a pickup? But what if she hadn't meant to leave the note for me? What if she'd meant it for the other girl at the table...there had been two girls sitting there...or had meant to take it with her to hand to someone else? What if she didn't want what I assumed she wanted? How could she know I'm bi?

And which girl was Steffi? There had been two of them sitting at the table. Was Steffi the plain brunette with the mid-length hair, or the redhead with the long, flowing waves?

I pocketed the note carefully, not sure I wanted to make the call but sure I didn't want to lose the note. Finally I decided, What did I have to lose? If she hadn't meant the note for me, it was her error, not mine. I found the note; I replied to it:

nothing for me to get uptight or embarrassed over. And if she did leave the note intentionally, and she was bi or lesbian, maybe we'd have a good time together. And if she was the brunette...what of it? I've never been so shallow as to count someone out because she wasn't drop-dead gorgeous.

And besides, maybe it was the redhead.

Certainly my love life had been sadly dull lately. I needed a bit of adventure. I decided to call her, take a chance, maybe spice up my life. So I dialed the number.

"Hellooooo?" The voice was musical, almost teasing.

"Um—hi...Steffi?"

"Yes...?"

"Uh—this is Nancy. I'm the waitress who—"

"Oh...hi!" Sounding as if I were a long-lost friend.

I still had no idea which girl I was talking to, but she certainly sounded pleased to hear from me. We chatted a few minutes more, agreed that we both liked Italian food but that eating in a restaurant would be no treat for a waitress, and so Steffi offered to make some lasagna for me that Thursday, when I wasn't scheduled to work. I was to be at her house at 5:00; we agreed that I would bring a bottle of red wine.

At 5:00 on Thursday, I showed up at the address I'd been given, still unsure which girl I was going to meet. I was very pleased to see it was the cat-green-eyed redhead. The other question, of course, was sex: It hardly seemed likely that Steffi had left her phone number on the table out of a mere wish to be friendly, but at no point in our phone conversation had the subject of sex actually been mentioned. What if this whole thing were

a misunderstanding?

But it wasn't, I was reassured, as soon as her lips met mine in a welcoming kiss and lingered there, varying the pressure and teasing me with a promise of more than just lasagna this evening. Finally Steffi put a hand on my back and steered me into the entryway of her home, closing the still-open door behind me. "I'm so glad I was right about you," she said. "I took a chance, leaving that note. But my intuition told me...."

"Best tip I got all day," I grinned.

"Wait. Don't say that till we've made love. You might be disappointed."

"I don't think I will be."

"Well, you'll have to wait to find out. The lasagna's almost ready. We've got time for a quick drink first. What do you like?"

"How about some of the wine?" I held out the bottle.

I wasn't disappointed in the lasagna...and I wasn't disappointed in Steffi as a lover, either. She started at my forehead, kissed her way down inch by inch till she reached my chin, then delicately licked her way back up. Nibbling her way back down again, she passed my chin this time and continued to my right boob, which she licked her way up the hill of, pausing at the areola.

Her tongue swooped slow, delicate circles around my areola, making every one of the little bumps on it tingle and prickle, and then she licked my nipple itself, getting it quite wet with spit and then blowing back and forth across it. The breeze cooled it, the air current tantalizing it, and then she took the nipple between her teeth and gently tugged on it.

Inflamed by her action, I began to writhe and hump on the bed. Thrusting my hips up into the air, I punched my butt upward off the bed and thrust my pussy upward toward the ceiling. I could feel the ooze of my pussy-honey as it slowly trickled forth from the depths of my cavern.

"Mmm... nice,"

Steffi said, giving an exaggerated sniff at the air. "You must be getting nice and juicy." She suddenly stuffed two fingers into my slit and then up my pussy-tunnel, withdrawing them and looking appreciatively at how wet they were. She put the two glistening fingers to her lips and daintily began to lick my nectar from them. Slurping at

my fingers, she laved them of every drop of pussy-nectar that they had. Her lips curled up into a satisfied grin, and she emitted a pleased, "Mmmmm."

Then she began licking her way down from my boob, trailing her tongue toward my generously furred vee, stopping once to say, "I've got to taste that direct from the source."

When her tongue reached my tangle of pussy-fur, she slowed down, seeming to enjoy her trip through the thicket. She paused several times to inhale deeply and exhale with a satisfied, "Ahhhh." By now I thought I could smell her aroma too; she was apparently getting turned on, and I was eager to get my own taste of muff, but I bided my time and let her go on licking toward my slit for now.

When her tongue got to the split where my labes began, she dipped it slowly in between the parted, puffy lips and gave one fast, teasing lick at my throbbing clit. This made it throb even harder, but she held back and didn't lick it again yet. Instead she put her mouth full over my pussy and thrust her tongue up into my hole, licking my pussy-walls and tantalizing me further.

Then, backing off, she gripped my two pussy-lips in her teeth and began lightly chewing on my hairy labes. As she did, she moved her teeth back and forth, wiggling the labia in her mouth. Letting them go, she chewed on just one now, flicking at it with her tongue while she chewed it.

At last she slipped her tongue back into my slit, at the rear, and worked her slow way forward, dipping into my hole but continuing on toward my clit. Then it was my clit's turn to feel her teeth, as she sucked my clit into her mouth and gently nibbled on it.

I was on fire and rising fast toward my peak, though I knew I couldn't get there without her licking on my clit, so I begged her, in a passion-strained voice, "Stop teasing and get me off!"

Steffi chuckled and tossed her head, her red mane flying as she did. "Getting there is half the fun. What's the rush?"

"You've made me so hot!" I gasped. "I can't take it! I need to come! Now! Please!"

"Impatient little bitch, aren't you?" she laughed. Then she thrust three fingers up my juicy pussy-hole, making squishing

noises as she drove them in and out, finger-fucking me hard. At the same time, she bent to my clit and began to flick determinedly and rhythmically at it. Flick. Flick. Flick. Flick. Flick flick flick flick. Flickflickflickflick. Faster and faster, her tongue skimmed across the pointy surface of my engorged clitoris. And I thrust my body upward, humping the air wildly, pressing against her face.

Then she took me by surprise. As my ass rose off the bed, suddenly her other hand was below it, and two fingers speared up into my anus. The fingers were slick, wet, slippery. She must have wet them in her own pussy-juices. They slid up into my asshole readily. Then they started plunging in and out.

With three fingers going in and out of my pussy and two plunging in and out of my ass, and Steffi's tongue on my clit, I was wild with heat and need. The heat suffused all my body, not just my pussy. I was on fire throughout myself, though it centered in my pussy, which buzzed and quivered. "Get me off!" I screamed. And Steffi did. Speeding up her tonguestrokes even further, she drew my climax out of me like a corkscrew draws out a cork, and suddenly I was arched impossibly high on the bed, my back bowed, my body rigid, and relief flooding through me as if an overstressed dam had finally had its flood-gates opened.

I stayed in that position impossibly long, till I began to tremble and collapsed, limp, on the bed. When I heard myself sobbing, I wasn't surprised; it had been that strong a climax.

Steffi settled next to me, stroking my arm and kissing my forehead, then kissed my lips, letting me taste myself on her. I licked her lips to scarf up all my juices. Then suddenly she broke away from me, scrambled around so she had a foot on either side of my head, and then she was lowering her butt over my face. Steffi was going for a lip ride...and I was about to have myself a mouthful of pussy.

Settling her pussy just above my lips, Steffi hunkered down and began to move back and forth before I even touched her. She was hot. She was moving. She was ready. Steffi lowered herself till my tongue was able to make contact with her clit. And when my tongue did touch that wiggling piece of swollen flesh, Steffi let out a howl as she began

to frantically chug back and forth over my mouth. Her pussy-hairs tickled my lips as she scootched back and forth across my face.

Eeling my tongue out between my lips as far as it could reach, I kept in contact with the moving target, licking her gamely as she wriggled in perpetual motion above me. Her warm juices were oozing constantly from within her tortured depths, and I swallowed as much of the divine nectar as I could. Her drenched pussy-hairs brushed my face. Her body visibly tightened, as Steffi strained to reach her climax.

Giving her a hand, I thrust four fingers into that gaping tunnel and fucked her pussy-canal as I licked eagerly at her clitty-button. Steffi moved faster, thrusting in eager desperation as she howled and moaned out her need. I began making little grunting sounds myself, encouraging her with each grunt, wanting to say, "Yes! Go, girl! Get it! Get off! Do it!" but my tongue was too engaged for me to talk, so those grunts were the best I could do.

And then Steffi let out a particularly loud groan and settled down hard on my face, nearly blocking my air supply as she came to rest while exerting great pressure. When this girl came, she came big! And when she finally recovered enough to climb off my face, she licked my pussy-streaked skin clean till not a hint of juice was left on my skin...but by then we were both growing horny again.

After that, we lay in each other's arms for a while, talking, though the urgency was growing in each of us again. As I told her of my college courses and my waitressing for extra money, my body was beginning to subtly move and grind again. As Steffi, a townie who had nothing to do with the college, told me about the interior designer she worked for, her body too was shifting around, gradually gearing up to try for another climax.

And so she got out the toys, and we went to work on

each other with a pair of vibrators, and we made each other come twice more. By the time I went home, I was one satisfied girl!

I haven't got much time for seeing Steffi, what with classes and studying and my job, but you can bet I'm over there every chance I get. That phone number was certainly the best tip anyone ever left me!

Looks like Cleo has a nice tight, well rounded ass, because she makes those booty shorts look like prize packaging material. But they didn't stay on for long. Watching her juicy pussy get pounded is quite a sight to see, then the jizz on her ass? Oh my!

I'M READY FOR YOUR CUM ON MY ASS!

personal empowerment

Looking back on it, I think what set everything off was the limo. Sure, I'd been in one before, on the way to wedding receptions and the like. But I'd never had one roll up to the airport and wait especially for me, with a uniformed driver standing by the open door.

A uniformed female driver—who, as I climbed into the plush back seat of the car, flashed me the hottest smile I think I've ever seen. Instantly, I knew she was either a lesbian or bi, like me.

"I'm Danielle," she said as we pulled away from the curb. "Welcome to Los Angeles. Is this your first time out here?"

"Yes," I said. It was my first time for a lot of things, it seemed...like my first time in a private limo, my first time as a featured speaker at a business conference—it was the organizers who had ordered the limo for me—and my first time feeling this hungry for a girl I didn't even know. I couldn't figure out if it was the crisp, dark blue uniform studded with gleaming gold buttons, the slightly masculine tilt of her smile, or the way her shoulder-length auburn hair curled around her delicate white ears.

Maybe it was also the fact that she was so obviously interested in me. Whatever the reason, I couldn't stop staring at her. Thanks to the position of the rear-view mirror, she knew it, too.

"You look like you could use a cold drink," she said, her brows lifting almost as high as the shiny black visor of her cap. She was right; I was sweat-

ing. Nodding, I ran a hand through my already-mussed hair.

"Maybe you'd be good enough to come up to my room and order one from room service," I invited. "And one for yourself, of course."

She smiled again and gave a quick nod. "The convention people told me I should do whatever it takes to make you comfortable," she informed me. "What are you, some big investor in their company or something?"

"Not exactly," I said. "I'm a therapist—or in this case, a motivational speaker. I'm supposed to give a seminar on achieving individual potential. That's something they want their employees to do for the benefit of the company." I laughed. "Kind of ironic, isn't it?"

Danielle laughed, too—a clear, intelligent laugh that raced straight through my nervous system, setting it alight. "That's the corporate world for you. One of the things I like about my job is that I'm more or less on my own while I'm in the car. I mean, I have scheduled pickups and drop-offs, but as long as I make those, no one bothers to check where I am or what I'm doing." She lifted her eyes to the rear-view mirror and met mine in the reflection. There was no mistaking the look that passed between us. "No one at all," she repeated.

She didn't have to say it twice. I understood exactly what she meant. Long before we reached my hotel and pulled into the circular driveway, my

pussy was wet with need. Discreetly, I squeezed my thighs together and closed my eyes, reveling in the currents of lust zipping unexpectedly through my body. When I sneaked a look at Danielle, I saw her grinning at me in the mirror.

We didn't speak again until we had entered the hotel and were in the elevator, on our way to my room. As soon as we were alone, Danielle moved to stand so close to me that her warm lips almost touched mine when she spoke. "I'm interested in all this human potential stuff," she whispered, her hand brushing over mine. "I think everyone ought to be...and experience...everything she possibly can in life."

"I've...based my entire career on exactly that premise." My standard professional response came out in a breathy rush. It wasn't a conscious act; by then her fingers had reached the waistband on my skirt and were sliding inside. They nudged lower, past the elastic of my panties, down into the moist tangle of my bush.

When she applied a small amount of pressure on my clit, I felt my knees go weak with lust. I started to sag against her as I covered her mouth with mine. Luckily I remembered just in time that we were still traveling upward, and someone could have stepped on the elevator at any moment.

Danielle pulled her hand away, grinning, moments before the metal doors slid open and deposited us on our floor. I was still too overcome by my raging hormones to speak as she picked up my suitcase and garment bag and led me to the room the front desk had assigned me. We walked into a neat, relatively spacious room, where the air conditioner was already blowing. The gusts of chilled air did nothing to cool the heat that raged in my body.

Apparently, Danielle felt the same. Locking the door, she turned to me and peeled away my clothes in a few deft movements, while I fumbled more clumsily with her double-breasted uniform jacket and narrow tie. The moment my breasts were bared, she lowered her mouth to my nipples and sucked the hard peaks between her teeth, one at a time. She lapped and sucked at them as if they were hard candies, smiling when, unlike candies, they swelled up even bigger under her relentless tongue-strokes.

Finally, I succeeded in pushing away her jacket and crisp white shirt. She took care of the neatly pressed trousers herself, shedding them while we made our way to the bed. Now that we were both naked, she spread my arms and legs out wide and crawled on top of me.

Her mouth ranged across my shoulders, down my neck, between my breasts, and straight to my thundering pussy.

Her tongue had felt good on my tits, but the slow, wet sweeps it made across my clit and honey-smeared hollow were nothing short of heaven.

Deeper and deeper she burrowed, her open mouth engulfing my steaming pink folds, her tongue slithering around my hole like an exploring finger. Now and then, she poked it inside me in a light, playful manner that nearly drove me mad.

I wanted her to dive into me with everything she had, to make me come hard enough to shake the mattress off the bed. Danielle, though, seemed to have an agenda of her own. Every time I slipped my fingers through her hair and tried to crush her against my red-hot center, though, she'd smile and shake her head a little, wriggling away just long enough to draw me back from the precipice. Then, as my orgasm fluttered just out of reach, she'd push back down and start the whole process again. I marveled at her self-control!

Finally, I looked down the length of her body and saw that she was furiously grinding her pussy against the edge of the mattress. That was when I realized

what she was doing: She was holding off my explosion until she was on the verge of coming herself. She wanted us to come together—and suddenly, I wanted that more than anything, too.

Slipping my hand down between our bodies, I managed to get hold of her left

nipple. My fingers shook as I kneaded it in a quick, decisive rhythm I hoped would push her over the edge. I was gratified to hear her moan against my pussy, and soon the push of her tongue against my slit grew more insistent.

"Now," I gasped, my breath shuddering as raw need surged through me. "Now, please!"

At that point, she lifted her face from between my legs. I almost exploded with frustrated desire, but once again, Danielle knew what she was doing. In a flash, she braced herself with both arms and pivoted around so that we were in a 69 position. Spreading her creamy thighs open for me, she got back to work on my hot center. This time she plunged her tongue inside me, thrusting in and out with rapid-fire precision, and buzzed my grape-sized clit with her nose. Dizzy with lust, I angled my head and plunged my own mouth against her soft, wet core, curling my tongue around the rigid clit that thrust

between her ruby folds.

In no time, fire had spread through every fiber of my body, and electrical sparks had touched every pulsating nerve between my juice-smeared thighs. My hips heaved up off the bed as an orgasm rocked my hips, my drenched bush engulfing her nose, lips, and chin. The only thing that prevented me from crying out like a she-wolf was the fact that my mouth was still busy exploring her steamy jungle.

I pushed my tongue into her a little harder, and then Danielle was there, too. She came like a streak of lightning crashing into the bed. Her back arched, her shoulders lifted, and her pussy clenched like a fist against my thrusting face. Her little opening squeezed tight against my tongue, again and again, like the shutter of a camera.

Though I could scarcely draw a breath, I let loose with a series of deep groans that had my breasts heaving and my throat muscles straining. The outside world, along with my body, seemed to contract into the smoldering red haze that enveloped us both. I don't think I'd ever felt so free, so purely sexual.

And I still barely knew the first thing about this woman! When she'd finished shaking, she eased herself back around so that our heads lay side-by-side on the rumpled bedspread.

"We never ordered that drink," I said with an exhausted smile.

Danielle sat up and traced the curve of my jaw with a finger. "I can call room service for you."

My hands went to her wrists, caressing the soft flesh while I kept them away from the bedside phone. "No. I don't want anyone to come up here and disturb us." Leaning toward her, I began to plant kisses along the graceful slope of her breastbone, working my way back to her raspberry-colored tits.

"In that case, I know another way we can cool off." Laughing, she sat

up and pulled me off the bed with her. Holding me around the waist, she drew me slowly into the bathroom. She turned on the shower, and we stepped together into the warm spray. When I reached for her pussy, she guided my hand away and kissed me instead.

"Not yet. I know something that will be even more exciting."

While I stood there puzzled, she turned off the water, wrapped me and then herself in the plush white towels from the rack, and pulled me back through the room. My eyes widened when she pushed open the sliding glass doors that led to a small terrace overlooking the hotel pool. The warm breeze on my wet skin did feel wonderfully refreshing, but I quickly realized that she had more than sunbathing in mind.

"Danielle, no! People will see us!" I protested when she pressed me against the rail and reached up under my towel.

"Trust me, they can't," she said, burying her lips against my neck while her fingers sought my pussy. "Remember what we said about experiencing everything? Here's your chance."

It was all I could do to keep the towel in place, but as I looked down over the rail I could see that she was right. The people below were far too absorbed in their activities on the ground to notice what we were doing 20 stories above them, and the angle of the rail seemed to block us from their line of vision anyway.

With that concern out of the way, I felt my body relax and give in to her talented ministrations. Her fingers probed under my towel, stroking my clit back to stiff fullness.

Danielle nestled her fingers inside me, rapidly stirring me to a state of total excitement. This time, my orgasm went off in a series of small explosions that left me weak and panting as I leaned against her. The towel had slipped down to my waist, exposing my

breasts to the bright California sky.

"Maybe we should order room service now." She gazed at me with a satisfied expression.

"You're on," I said, thinking ahead to my presentation the next day. There was something about standing outside practically naked, my pussy streaming with love oils and a gorgeous woman pressed up against me, that made me

feel more sexually confident than I ever had in my life. "There's just one thing I want to do first."

"What's that?" she asked, though I think she already knew.

I pushed her towel down to the floor, let mine drop, and hunkered onto my knees so that my lips were level with her pussy. The fresh scent of shower gel and female arousal tickled my nostrils and inflamed my senses. "I want to empower myself a little more," I joked as I leaned forward and skidded my tongue over her damp bush.

She didn't object!
